Amendment No. 2 to Registration Statement on Form S-1 filed March 11, 2019

Prospectus Summary

The Offering, page 3

1. We note your response to comment 1, and your amended disclosure that the investor is obligated to purchase \$1.0 million of your common stock in the 60 days following effectiveness of the registration statement; however, you continue to refer to the "Investor's delivery of a purchase notice" under The Equity Purchase Transactions. private placement is not complete. Please withdraw your registration statement as it relates to these shares and complete your private placement.

Business, page 22

2. We note your response to comment 6, and your amended disclosure in your notes to the condensed consolidated financial statements on page F-42 and in your Management's Discussion and Analysis describing the terms of the cryptocurrency mining services arrangement. However, you have removed references to this aspect of your business from your Business discussion. Please amend your disclosure in this section to describe all aspects of your business, including your crypto mining packages. As a related matter, we note your response that the agreements related to your crypto mining partnership were included as exhibits in your quarterly report on Form 10-Q/A for the quarter ended June 30, 2018. Please file these exhibits with your registration statement, keeping in mind that you may incorporate by reference to the identified 10-Q/A.

Government Regulation, page 26

3. We note your response to comment 12, and your amended disclosure that the new activity from your subsidiary S.A.F.E management, LLC "subjects [you] to substantial state and federal regulation of [y]our activities." Please provide a brief description of these state and federal regulations in this section. See Item 101(h)(4)(viii)-(ix) of Regulation S-K.
